

Dear TPOHA Scholars and Families,

I am honored to lead such a dedicated staff, eager body of scholars, and a supportive community of parents. The Bible declares that unity is where the commanded blessing is. Therefore, one of my goals for the school year is that we keep the lines of communication open so that small fires can be identified and properly addressed. Prior to becoming the principal here, I worked with children and families to provide counseling for a variety of reasons. I am thrilled to utilize my skills as a Mental Health Therapist within our school in order to provide a better foundation overall.

Some of our goals this school year will be to decrease gaps in learning, increase test scores, as well as assist our scholars with social and emotional growth. The relationships between families and the school are vital to the success of our scholars, I encourage you to become involved in every way possible. I look forward to meeting you soon!

Sincerely,

Dr. La Shonda D. Lyons
